### Chapter two.

#### The Jewish Question (excerpts).

There is no prejudiced, a priori, stupid, religious hatred of any kind towards the Jew among our people. I've seen this for fifty years.

I even happened to live with the people, in the mass of the people, in the same barracks; sleep on the same bunks. And Jews were alienated in many ways by Russians, did not want to eat with them, looked down a little (and this is where - in prison!) and in general they expressed disgust and squeamishness towards the Russian, the indigenous people! It's the same in soldiers' barracks and everywhere throughout Russia. Meanwhile, sometimes a fantasy entered my head: Well, if it weren't for the three million Jews in Russia, there would be 80 million Jews - well, what would the Russians turn into, and how would they treat them? And yet I sometimes had a fantasy come into my head: Well, what would the Russians turn into and how would they treat them? Wouldn't you have turned them directly into slaves? Worse: they wouldn't have skinned me at all! Wouldn't they have been beaten to the ground, until the final extermination, as they did with foreign peoples in the old days? No, sir, I assure you that there is no prejudice against the Jew among the Russian people, but there is, perhaps, no sympathy for him. But this happens for other reasons, which are no longer the fault of the indigenous people, but of the Jew himself!

You see, in order to exist for forty centuries on earth, the Jews had to have a status in status (an immutable idea forever). What is its essence? Signs: alienation and aloofness to the degree of religious dogma, non-interference, the belief that there is only one national personality in the world - a Jew, and although there are others, one must still consider it as if they did not exist. "Come out of the nations and make up your own individual and know that from now on you are one with God, exterminate the rest or turn them into slaves or exploit them. Strictly abhor

everyone and do not communicate with anyone in everyday life. And even when you lose your land, your political personality, even when you are scattered across the face of the whole earth, among all peoples, it doesn't matter. Believe everything that is promised to you, once and for all, believe that everything will come true, but for now live, shun, unite and exploit and wait, wait." That's the essence of this idea! It is already clear that his Provident, under the name of the former original Jehovah, continues to lead his people to a firm goal. And it is impossible to imagine a Jew without God. They are still waiting for their Messiah. The Jews believe that he will gather them again in Jerusalem and overthrow all the nations with his sword to their feet; that is why all Jews, at least for the most part, prefer only one profession - trading in gold and much more, processing it, and it's all as if to ensure that when the Messiah will appear, not to have a new fatherland, not to be attached to the land of foreigners, possessing it, but to have everything with him only in gold and jewelry, so that it is more convenient to carry them away. I believe that the essence of the matter exists without fail, especially in the whole mass of Jews, in the form of an instinctively uncontrollable attraction. But in order to preserve this essence of the matter, of course, it is necessary that the strictest status in status be preserved. It is preserved.

Why is a Jew harmful? - an educated Jew will say. If there are bad qualities in the Jewish people, it is only because the Russian people themselves contribute to them, due to their own Russian ignorance, due to their lack of education, due to their inability to be independent, due to their small economic development. Therefore, it is good for Jewry where the people are ignorant, or not free, or underdeveloped economically, and that is where they are in trouble! Instead of raising the level of education, generating economic ability in the indigenous population, instead of the Jew, wherever he settled, he humiliated and corrupted the people even

more, there humanity was pushed even further, the level of education fell even more, hopeless, inhuman poverty spread even more disgustingly, and with-it despair. Ask the indigenous

population: what moved and moves the Jews? Get a unanimous answer: ruthlessness; "they have been driven for so many centuries only by ruthlessness towards us and only by a thirst to drink our sweat and blood." They always knew how to make friends with those on whom the people depended! If they point to Europe, to France, for example, then it is unlikely that status in status was so harmless there. Of course, there Christianity and its idea fell and are falling there through no fault of the Jew, however, one cannot help but point out in Europe the strong triumph of Jewry, which replaced many ideas with Jewish ones. Oh, of course, man has always and at all times worshipped materialism and was inclined to see and understand freedom only in providing himself with money accumulated with all his might and stored up with all means. But these means have never been elevated to the highest principle as in our 19th century. "Everyone is for himself and only for himself, and all communication between people is solely for himself," is the moral principle of the majority of today's people, and not even bad people, but on the contrary, working people who do not kill or steal. And the ruthlessness towards the lower masses, and the fall of the brotherhood, and the exploitation of the rich by the poor, oh, of course, it was before and always, but it was not elevated to the degree of the highest truth and science, but it was condemned by Christianity, and now, on the contrary, it is elevated to virtue. Therefore, it is not for nothing that Jews reign everywhere there, it is not for nothing that they move capital, it is not for nothing that they are the rulers of credit and, I repeat, it is not for nothing that they are the rulers of all international politics, and what will happen next is known to the Jews themselves: their kingdom is approaching, their complete kingdom. The triumph of ideas is coming, before which feelings of humanity, thirst for truth, feelings of Christian, national and even national pride of the European peoples are sinking. Materialism is coming, a blind carnivorous thirst for personal material security, a thirst for personal accumulation of money by all means - this is all that is recognized as the highest goal, as reasonable, for freedom instead of the Christian idea of salvation only through the closest moral and fraternal unity of people. They will laugh and say that this is not from Jews at all, of course, not from Jews alone. But the Jews exerted their influence here.

Our opponents will say that only the top of Jewry is rich, that nine-tenths of Jews are poor and even beggars. But what does it mean? Does this not mean precisely that in the very work of the Jews (that is, the vast majority of them), in the very exploitation of them, there is something wrong, abnormal, something unnatural, bearing its own punishment in itself? A Jew offers mediation, sells someone else's labor. Capital is accumulated labor; a Jew likes to trade in other people's labor! But all this does not change anything yet. But the top of the Jews reigns over humanity more and more firmly and strives to give the world its appearance and its essence. The Jews are all shouting that there are good people among them. But we are talking about the whole, about the idea of the Jews embracing the whole world instead of "failed" Christianity...

They say that I am the enemy of this "unfortunate" tribe. On the contrary, I precisely say and write that "everything that humanity and justice requires, everything that humanity and Christian law require - all this must be done for the Jews." Of course, the following fantasy also comes to mind: "Well, what if our rural community, protecting our poor root peasant from so many evils, shakes in some way and from something, well, what if right there, to this liberated peasant, so inexperienced, so unable to restrain himself from the temptation, and who has

hitherto been taken care of by the community - the whole kahal of the Jew will rush in - yes, what is it: here is the end of him instantly: all his property, all his strength will pass into the power of a Jew tomorrow, and a time will come that the time of serfdom, and even Tatarism, could not compare with."

We very often see in an intelligent Jew the same immense and arrogant prejudice against Russians. Oh, they shout that they love the Russian people; one even wrote to me that he grieved that the Russian people have no religion and understand nothing about their Christianity. Does this highly educated Jew understand anything about Christianity? Conceit and arrogance are one of the most difficult qualities of the Jewish character for us Russians. May mutual accusations soften, may the ever-present exaltation of these accusations, which interferes with a clear understanding of things, disappear!"

The material has been prepared

WRITER I. P. SMIRNOV - "I would like to remind the reader that relatively recently, apparently, having familiarized himself with these thoughts of the great Russian writer, the court (looking) Jew of modern Russia, Chu-bais, who perfectly understands their justice and has no arguments for refuting them, said that he would be ready to gnaw his throat! It is difficult not to agree with Dostoevsky, observing today's world."

#### THE OPINION OF AN AMATEUR FROM SCIENCE....

We will tell you how they "made those" who were so accurately and profoundly described and characterized by Fyodor Mikhailovich Dostoevsky back in 1877, when the whole "BUSINESS MACHINE" was just gaining momentum, for full implementation by 2012. Now - this is already - an audience that has a completely different "development".

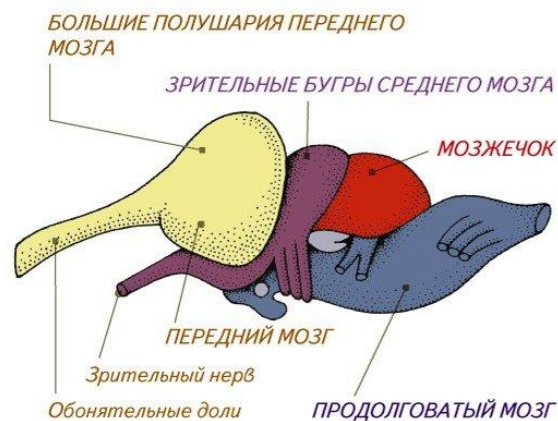

According to the definition of academician N. Morozov, the author of the fundamental work "CHRIST", "JEW" is an EBR (MIGRANT.) However, there is no data on where the resettlement came from and how. There is no data on where the expression "YOGI" came from and, accordingly, - "GOY" by the type of "BAR - SLAVE". Why is the tuning note of all musical instruments "LA" (440 Hz) forbidden as "THE NUMBER OF SATAN"?

Why do only Jews have the right to hold the positions of doctors, archivists, bankers, lawyers (usually lawyers)?

And, finally, what is anti-Semitism, the Holocaust? Let's start with the note "LA". In the musical series DO, RE, MI, FA, SOL, LA, SI - the note LA is the sixth. The Star of David also has 6 angles. The 3-fold repetition of the note LA (666) is the encoding of the input and output signal to the Brain, designed to process the subsequent text, transmitted by a 12-register row (translation table 12x12). No one has ever tried to decrypt the translation table, in which, for example, DODO is the letter "a". Scanning the table is a solution to the "Hamilton problem" for dimension 256 - (it will take billions of years to get the result). Every 36 months, according to reference number 2 (Israel), the depth is 4,510 meters from the surface level, a UFO appeared (code 216, octave of movement - 288, octave of state - 76, working octave - 50). The last arrival was in April 1995.

БОЛЬШИЕ ПОЛУШАРИЯ ПЕРЕДНЕГО МОЗГА/LARGE HEMISPHERES OF THE FOREBRAIN

ЗРИТЕЛЬНЫЕ БУГРЫ СРЕДНЕГО МОЗГА/VISUAL TAMPLES OF THE MIDDLE BRAIN

МОЗЖЕЧОК/CEREBELLUM

ПЕРЕДНИЙ МОЗГ/FOREBRAIN

Зрительный нерв/Optic nerve

Обонятельные доли/Olfactory lobes

ПРОДОЛГОВАТЫЙ МОЗГ/MEDULLA

Every Jew (and mutant, respectively) has a code entry in the CEREBELLUM - the length of the entry is 54 points of 24 bits (each point). The entry is in binary code. This is a status scale. She was interrogated by a UFO (the entire composition of the Earth was scanned) at the octave of 33 Mi. The status bar contains copies of 16 commands. If the order (UFO) and the command coincide, execution follows. If the command was not executed within 36 months from the moment it was given (until the next "arrival"), a command to self-destruct was followed.

The sequence of commands received:

On octave 32 Mi is followed by a group: (MiDo)32 (repeated 32 times), followed by a group on octave repetition - preparatory. Second Series - (DoMi)32 is the executive series and after it is the executive series of commands. If there is a record on the removal of information, then at

the time of removal, the information octave increased. There are more than 1 million ways to destroy the condition in the school - there is practically no choice.

Example series:

(MiDo)32(ReFa)48 < T > (DoMi)32(FaRe)48)3 T is the execution time in binary code (seconds).

The whole series is repeated 6 times. This is the first layer of controlled systems, followed by work (there are already 0.6 billion people on Earth) and "cyborgs" (0.3 billion on Earth).

This is today, the composition of the Jews who were (and were PLANNED) as "untouchables".

#### A SERIES OF COMMANDS

		(ReFa)48	(FaRe)48	48 Fa	48	<u>С людей</u>

The following series are used to generate orders: DO, RE, MI, FA, SOL, LA, SI, NA (table 8x8).

So, a "yogi" has a Brain capable of processing codes, a goy does not have such a Brain. (Today - this "process" is stopped and SOME OTHER PROCESSES are taking place).

Let us now consider all the relations from a different point of view. Let the Ebras (Jews) be People too. What follows from this? This means that no extraneous structure can be moved to live in the conditions of the Earth without destroying everything that exists on Earth and introducing a new atmosphere and its own life support system. However, all this was not required.

It was enough to find an experimental base to check all the installation parameters with the subsequent transfer of the necessary frequencies to normal "shirts" (it is also possible with the "Ryazan mug").

So, point one. From the entire population of the Earth that remained after its capture, a specific biomaterial was selected to perform all vital functions. The selection

turned out to be successful - tribes without habitats, expelled from everywhere for theft and accustomed to the difficulties of existence, not picky about the means of achieving goals, for the most part killers, and after some hesitation, decided to select them as the basic material for conducting experiments.

It is known (from history, from the writings of psychiatrists, etc.) that the percentage of patients among Jews is orders of magnitude higher than among other peoples, that is, new frequency settings do not always end well. With a normal outcome, the structure is formed in a normal healthy shirt (Chubais type).

Waste material is thrown away, there are many ways (including the Holocaust). With the mass insertion of the next frequency, there were also large losses - the main part of the biomaterial completely lost everything that had already been introduced to them, and then schemes of destruction were developed in a natural way, and all anti-Semites are former Jews who failed to get a

new Brain, for them there is a "WAILING WALL", SYNAGOGUES, tourist bases and places of rest. The maximum number of installations is 6 million and therefore, starting from the Middle Ages (plague in Europe), this number has been heard.

However, it is impossible to implement a program for introducing new frequencies without internal control and correction. Some roughness can be corrected on the spot, all conditions have been created for this. Jewish doctors had to test the effect of drugs using a different biomaterial. The Jewish bankers had to force the entire population to obey all the Program's guidelines. Jewish lawyers should not allow the prosecution of Jews for their experiments (the creation of Gulags, mental hospitals and other "rest homes" for Goyim). The Control system

took care of the comfortable existence of the Jews, for whom it was written that with the advent of Moshiach (2008), a "golden age" would begin for them. "Arrived", but THE LANDING WAS TOUGH and THE "ARRIVAL" DID NOT TAKE PLACE and will NEVER take place.

For 2000 years, and the results of experiments accumulated, and it was decided to move in full all those who will make up the "golden million" (total 980000 matrices). One of the signs is EBRA - there should be no "sharpness" (see in the TORAH) In addition to the Jews, other peoples were also used - Tatars, residents of Central and Asia Minor - over 4 billion people for the sake of 1 million. After the normal movement of the EBRAS, the entire biomaterial was to be destroyed as spent. Beginning - autumn 2007 (NOT COMPLETED).

Since the attention of the whole world is focused on the Jews, and anti-Semitism is growing, their destruction will be greeted with joy, although no one suspects why they existed and why the Almighty supported only them. It was the Jews who were given the halo of martyrs, it was they who "have the opportunity to communicate with God without intermediaries," it was in their environment that the greatest number of psychics (ESPECIALLY NOWADAYS, however, there is NO sense anymore), and any new frequency introduced required a "special attitude" to those on whom testing was performed. There is not and cannot be a Jew who would receive a complete set of all the necessary frequencies. As is customary in medicine, each new drug is tested on a separate patient.

It is impossible to give everything to one patient - it is not known from which he became ill. Therefore, the standard set of any Jew is animal functions and something from new frequencies. If he existed with them for more than 90 years, then the proven transfer channel already worked on those matrices that should have existed in ideal "shirts".

Conclusions.

1. Jews are an experimental biomaterial for the "golden million", which was supposed to appear after the completion of the Program - these are the EBRAS and their "shirts" had to be changed to the shirts of people.
2. The Experiment was produced over 5700 years. More than 140 (basic) control frequencies alone were introduced.
3. Jews were chosen as yogis (the presence of a "receiving-transmitting device" in the Brain for communication with the EBROV Life Support System). All others are naturally goyim.
4. Jews are given the opportunity to correct frequency settings through medical experiments on Goyim with the full support of the EBR Control System.
5. The growth of anti-Semitism is a manifestation of the discontent of those Jews who have not received new frequencies and are looking for the opportunity to be a Jew, otherwise, they were all subject to destruction.

6. Jewish musicians can compose and perform only the music that goes on the command line. Rock has been developed for the Goyim, which does not contain any commands.

7. The first Jews on Earth were Armenians, they received all the necessary installations, have the code xx.44, where xx is a sequence of frequencies in octaves. This means that they can no longer be used by the EBR, since the frequency limit has been reached, and most likely they should have been - simply destroyed.

8. Upon completion of the Software Installations, Jews were no longer needed and had to be removed by the EBRAS as waste. The arrival on SUR was to be met by the "golden million", formed with the help of Jews and about 240 million servants from those peoples who are united by the word RUS (SUR is the planet of the 4th star of the Big Dipper, from where the EBRA arrived). From the research of the Russian scientist N. Morozov, it is known that all astronomers were engaged in the Big Dipper. In the handbook of mathematics, all the wonderful curves relate to celestial mechanics.

9. The entrance fee to the "golden million" was a scam, you couldn't join it without having the right frequencies.

Conclusion.

We dare to assure you that there was no opposition and could not have been - everything was destroyed during the last 18,000 years. Only the EBR Life Support System was used, which, as part of its Program, culled those life forms that could not exist after the introduction of the "golden million". Therefore, it was not worth it, at one time, to be surprised by the abundance of dead fish, intestinal perforation in deer, mass death of pigs, chickens (from any FLU) and so on.

The most favorable habitat for them is the territory of the northern part of Russia, near the source of the Volga, where whole towns were urgently built, now "mothballed".

Of course, the most executive Jews could be preserved as a role model, providing them with a privileged position and supporting their existence, but they could not and do not have the entire set of frequencies of the "golden million".

Now about the age. Note that the performers of all commercials are less than 30 years old. This is the age that should have been provided for the "golden million" without reincarnation. Only the "golden million" was supposed to have the capabilities of Messing, Vanga, Nostradamus and others. Jews will no longer need it, and even more so today. What is left in the "work" is that in a short time it is eliminated - all types of drugs together with producers and distributors (and consumers), alcoholism is eradicated, all killer robots are removed, prostitution and fraud (along with carriers) disappear.

It is difficult, of course, not to agree with F. M. Dostoevsky, observing today's world, BUT IT is NECESSARY TO OBSERVE NOT as Fyodor Mikhailovich observed it. And today's representatives of this "nationality" and those who have already found themselves (or think themselves) in the "golden million", IT is EXTREMELY ADVISABLE TO CAREFULLY STUDY THE MATERIAL PROVIDED.
