

## Native Reality or ARTIFICIAL REALITY

A PERSON, a CREATURE if you will, is for the most part an AUTOMATON – with no ability to think for him or herself. The CREATURE lives for and by the SYSTEM. A PROGRAM controls every aspect of his or her BEING. Every action, every reaction is a *microcosmic CAUSE and EFFECT FUNCTION of the OLD PROGRAM.*

*A PERSON'S PROGRAM is their REALITY. It is NOT that they DO NOT WANT to see anything else, rather, they CANNOT see anything else.* In other words, it is an impossibility to operate outside of the PROGRAM PARAMETERS. A PERSON'S REALITY, therefore, is a PROGRAM, with all the FUNCTIONS to sustain life, i.e., *Brain Genotype Series' – 42, 44, 46, etc.*

A Human or Mann, is quite different than a PERSON. The Mann, if you will, is **TRAPPED IN THE ILLUSION**, he/she is living in a type of SUB-PROGRAM, which is attached to the AUTOMATON PROGRAM. *The PROGRAM is the TRAP, the PROGRAM DESIGN - the CUBIC STRUCTURE.*

The Human Being that recognizes the Truth of the "New Knowledge" has the ability to break free of the OLD VESTIGES, i.e., the FALSE REALITY. A Human Being has the Nature to *set himself free. Latent within his or her inner self is the UNMANIFESTED Mann, whose "Mind" is a series of interlocking or complex Dodecahedra. It is Literally, In Every Sense - A Different World.*

A Human Being's Realty is therefore, predicated upon "Self", i.e., our ability to distinguish between - ARTIFICIAL REALITY and "Native Reality". *The ILLUSION is the FALSEHOOD that our "Mind" is LIMITED to the 128th Octave ceiling.* The question then arises – *what is above Octave 128?*

If one could *"Imagine"* – seeing a world quite different than the one they have accepted as REALITY, what would unfold is a contrasting world. In other words, their ARTIFICIAL REALITY would *"Strikingly"* shift. They would find themselves in a wholly UNFAMILIAR and UNIMAGINED world – "Native Reality". *The CUBIC WORLD REALITY would shift to the "Dodecahedra World Reality"*. Then, another question surfaces – *how do we "Imagine" outside of the ARTIFICIAL REALITY?*

Our "Mind" is capable of recognizing *Truth from Fiction*. For instance, each of us was drawn to the "New Knowledge", *because our "Mind" recognized Native Truth, which is the Truth of our "Self"*. Then we began to **Study**, the more we read and contemplated the "Native Earth System", correlated to *the number of "New Neural Pathways" in our "Mind"*. Each "New Pathway", was like building a "New Highway" where none had been before. These "New Highways" are built with **New Technology** that is **Earth Friendly**. These new processes require more **"Advanced Training"** in order to understand their **"Structure"** and **"Maintenance"**. In other words, the average road-crew is **UNQUALIFIED** to build and maintain these "New Highways".

The “New Neural Pathways” **DO NOT** operate at the lower frequency range (frequencies are within octaves) limited to **128<sup>th</sup> Octave**. To the contrary, they operate to the **512<sup>th</sup> Octave**. The **Advanced** reading, i.e., “New Knowledge Material”, is our **“Advanced Training”**, which *eventually qualifies us to Build “New Highways”*.

We are our own worst enemy, when we fail to recognize the **ARTIFICIAL REALITY** and its **LIMITATIONS**. Furthermore, we must also recognize the “Native Reality”, for it is in the acknowledgment of the latter – *the Advanced Training School we attend, that qualifies us to build “New Highways”*.

The confusion for **Mann**, is his inability to understand that we **Advance our “Mind”**, i.e., we begin operating at a **higher Octave range** when we expose our **“Mind”** to the “New Knowledge”, and continue to *study, study, study*. With each **New Revelation** we expand our “Highway System”, i.e., we operate at higher and higher frequencies.

The **“Idea”** that we **JUST IMAGINE, AS IN AN IMAGINARY WORLD, WITH IMAGINARY PLAYTHINGS**, is for **HOLLYWOOD**. We must **“Imagine”** through a “Developed Mind”, for a **“Mind” operating in a Higher Octave Range is DEVOID of the IMAGININGS OF A SIMPLETON**. The “Developed Mind” uses **“Complex Imagery” through the “Idea of Natural Science”, i.e., Native Earth Processes”**.

Think along these lines – *when we thought as a child, we imagined as a child. When we became a developed adult, we began to think and imagine as a developed adult*. It is the **“Developed Adult”** that recognized the **Truth of the “New Knowledge”**, the child, or **UNDEVELOPED CHILD**, was and is incapable of recognizing the “Native System”.

We are **DE-PROGRAMMING** our **“Mind”**. Someone might ask, how do we remove or by-pass the **PROGRAMMING**, including the **PROCESSES** that are firmly **IMBEDDED** in our **“Mind”**? The answer is not as difficult as the questioner might think. We *study, study, study* the “New Knowledge Material”. Remember, with each **New Revelation** we begin the construction of a “New Highway”, this “New Neural Pathway” or *Highway*, does not travel through the **“Villages”**, if you will, of the **LOWER MIND PROGRAMS, it CAN’T**. Why?, the “New Highway” is made of **Advanced Material**, by the hands of **Folk** who have **“Advanced Training”**. In other words, with each understanding of **New Concepts** – we begin using **New Processes (Advanced Processes)**, making the **OLD PROCESSES OBSOLETE**.

Each of us is capable of **Advancement** – proof of this - **“Recognition of the New Knowledge”**. It started with this simple and yet, profound recognition. Against **“ALL ODDS”**, our **“Mind”** recognized the *Truth* before us, and did so in the middle of the **EBR SYSTEM**.

I encourage each of us to continue to *study, study, study* the “New Knowledge Material” – our **“Imaginings”** will then become our **Reality**, our “Native Reality”, built along the “New Highways” of our **“Mind”**. And, we become co-creators of a “New Native Earth”.
